Row 2: Ch 1, sc in each sc across – 4 sc's. Turn. Rep Row 2 until piece measures 1 1/4". * Change to B and rep Row 2 twice. Change to A and rep Row for 1 1/4". Rep from * 8 times more. Fasten off.

Fringe: Cut One 3" long strand of B. Fold strand in half. With crochet hook, draw center of strand through first st of cast-on edge of scarf forming a loop. Pull ends of fringe through this loop. In this manner, make 4 fringes evenly spaced.

Finishing

Sew back and front of bear together, leaving ears and bound-off sts at top of head open for stuffing. Stuff legs and arms first, making them quite firm. Stuff body next, being sure to stuff lightly so that bear is huggable. Stuff muzzle next.

Optional: If desired, you may work running sts around the muzzle with matching yarn and pull up slightly for more definition. You may also sew across the base of ears and around curve of the ear to give the ear more shape.

Note: Please do not use buttons for eyes on any bear.

Buddy Bear

Designed by Sarah Bradberry

You can knit your bear with any yarn you like, using needles that give you a very firm gauge so that the filling does not show through the fabric.

Add an i-cord tail and embroidered whiskers and you have a cat!

Materials and Tension

You will need 60gm 8 ply (DK) of colourful wool @ approx 95m (110 yards) per 50gm ball and 3.25mm needles.

My tension was 26sts and 52 rows to 4 inches over garter st on 3.25mm needles. You can make this bear out of any yarn using needles 2 – 3 sizes smaller than those you would normally use for your chosen yarn.

Pattern

Bear is knit entirely in garter stitch.

Legs, body and head: Make 1

Beginning at the top of the head, cast on 40sts and knit 32 rows.

Place a coloured thread in the middle (approximately) of the last row to show where the neck is

Knit a further 34 rows (total 66 rows)

Put a coloured thread at each end of the last row to show where the body stops and the legs start.

Next row: Knit 20, turn

Knit a further 39 rows on these 20 sts.

Cast off.

With right side facing, rejoin yarn to the other 20sts and knit 40 rows.

Cast off

Arms: Make 2

Cast on 20sts and knit 40 rows

Making Up

- Fold the body in half and sew the back seam from the cast-on edge to the row where you placed markers for the top of the legs.
- Refold the body so that the seam you just sewed runs down the centre of the back and sew the inside leg and foot seams.
- Stuff your teddy lightly and sew the top of the head closed, rounding the corners very slightly.
- Sew across the corners of your teddy's head so that the corner points form ears. If you want your ears to stand out like those in the picture, gather around the bottom of each ear and pull slightly. Gather around the neck on the row where you placed the marker for the neck.
- Fold the arm pieces in half and sew the side and one end closed. Stuff very lightly, sew the remaining side closed and sew the arm to the body, just below the neck.
- Put a ribbon around the neck and embroider the face.

Pussy Cat Variation

When sewing ears, do not round off the corners.

Knit a length of i-cord and sew to the back of the toy, just above the top of the legs, for a tail. Embroider the face as for the bear, but add whiskers.

Note: Please use safety eyes on all bears do not use buttons for eyes on any knitted bears.

To make up your teddy bear

Make sure purl side is the right side. Press all pieces. With purl sides together, and using a tiny backstitch, join front and back body pieces together all around from back neck to front neck. Turn through and stuff through neck opening, do not close seam.

Join head side pieces from tip of nose to chin. Insert head gusset, matching markers (these are approximate eye positions), stuff head, moulding as you go, stuffing nose firmly first. Leave neck edge open. Join head to body around neck edge, adding more stuffing as you work. Tie a length of yarn around neck, pull up but not too tightly, fasten off. Sew up legs and arms and stuff, then pinning in place to body, sew on limbs, passing thread through body several times so arms and legs appear to be jointed.

Sew the ears to the head, curving slightly. Sew the bead eyes to the head, sinking them in to the face by pulling the threads towards the back of the head and securing. Embroider a small nose, mouth and claws.

To knit the teddy bear's jacket (Worked in g-st throughout)
